## Prime Learning Challenge: How do caterpillars change?

### Key language: lifecycle of a butterfly

butterfly

caterpillar

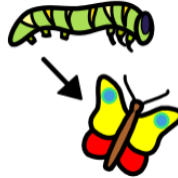

leaf

chrysalis

fly away

change

We can \_\_\_\_\_

I can \_\_\_\_\_

I think \_\_\_\_\_

### Key facts: lifecycle of a butterfly

- Butterflies lay eggs on a leaf
- Caterpillars hatch from eggs and start eating leaves
- Caterpillars make a chrysalis
- A fully formed butterfly emerges, dries its wings and flies away
- This is the life cycle of a butterfly
